

How to Maximise the Performance of Your Superannuation

Attend one of our 2 complimentary information evenings

Many superannuation funds have lost money – now is the time to take control

Your invitation to a special presentation from The Quinn Group

As a result of the Global Financial Crisis (GFC) many investors have received unsatisfactory returns on their superannuation.

This seminar will highlight areas where you can maximise your superannuation by minimising your tax and implementing proven investment strategies.

Key Learning Areas

- ✓ Tax benefits of a self managed super fund.
- ✓ When you should consider managing your own superannuation fund.
- ✓ Buying a property with your superannuation.
- ✓ How to establish a self managed super fund.
- ✓ Learn the advantages of tax deductible contributions and non deductible contributions for executives and employees.
- ✓ Learn strategies for business owners.
- ✓ How and when you can access your super.
- ✓ Asset protection through your superannuation.
